

DAYEON LEE

SOFTWARE DEVELOPER · EMBEDDED · EDGE AI · WEB

develu0825@gmail.com

GitHub github.com/develu0825

LinkedIn linkedin.com/in/develu0825

Location Daejeon, South Korea

Software developer building **complete systems** across embedded, edge AI, robotics, and web — from firmware to the app. Currently at Daedeok Software Meister High School, seeking international development experience.

SELECTED PROJECTS

WIFY

WI-FI CSI FALL DETECTION — FIRMWARE & APP

Privacy-preserving fall detection using Wi-Fi Channel State Information — no cameras, no wearables.

Role — CSI firmware, data pipeline, and mobile app integration.

Result — Real-time fall detection with mobile alerts, end-to-end.

ESP32 · C/C++ · Wi-Fi CSI · TinyML · Flutter

PIXEL

ROAD INSPECTION AI PLATFORM — WEB & AI

A multimodal AI workspace for road inspection — natural-language commands drive detection, analysis, and automatic report generation.

Role — Full-stack & AI integration.

Result — Live demo deployed — React + FastAPI, YOLO + hybrid RAG.

React · FastAPI · Python · YOLO · RAG · Gemini/GPT-4o · Docker

ACID RAIN

BROWSER TYPING GAME — JAVASCRIPT

A falling-word typing game built from scratch in vanilla JS — game loop, DOM, collision & scoring.

Result — Fully playable in the browser, no framework.

JavaScript · HTML · CSS · DOM

LEADERSHIP & ACTIVITIES

- **Student Vice President** (2026) & Class President (2025–2026) — Daedeok SW Meister HS
- **Volunteer Staff** — WRO Korea & RoboTex Korea (2023–2026)
- **Organized school tech events** — DaeTechTalk & Ieum · exhibited Umuljip & WRO at education expos

SKILLS

EMBEDDED

C, C++, STM32, ESP32, FreeRTOS

EDGE & ROBOTICS

Linux, Raspberry Pi, Jetson, ROS2, MQTT

AI

Python, YOLO, OpenCV, TinyML

APP & WEB

Flutter, Android, JavaScript, HTML, CSS

BACKEND & DATA

REST API, MySQL

TOOLS

Git, GitHub, Docker, Postman

AWARDS

Gold Gold Award · 2nd Place

WRO Future Engineering · 2026

Top Excellence Award · 2nd Place

Umuljip · SW Meister Hackathon · 2026

Merit Encouragement Award · 4th

WIFY · Global PIUDA Project · 2026

EDUCATION

Daedeok Software Meister HS

Software Development · 2025 – Present
Daejeon, South Korea

CERTIFICATION

Craftsman Information Processing

Written Exam · National Technical Qualification,
Korea
